

VEDANT ENGINEERING SERVICES
Excellence Through Quality >>>

: We are one of the renowned manufacturers of :

Special Purpose Machines | Hydraulic Power Pack & Cylinders | Hydraulic Systems & Equipments
Control Panel For Process & Automation | Industrial Process Automation | PLC, HMI & SCADA Systems.

Established in the year 1997, Vedant Engineering Services (AN ISO 9001 : 2008 CERTIFIED COMPANY) ushered in the quality, excellence and reliability in the field of Hydraulic Equipments and Process Automation. We specialize in the manufacturing and supplying of Hydraulics Equipment & tools such as Hydraulic Equipments, Hydraulic Cylinders, Hydraulic Power Pack, Hydraulic Spares, Control Panels For Process & Automation also Automation For Productivity Improvement and Special Purpose Machines.

Our claim of being better than others is backed by innovative designs, cutting edge technology, excellent track record year after year and trust of our revered customers. Once someone uses our product, it etches in the mind. Our machines commit to the highest industry standards and outputs.

We are the best in the business owing to our reluctance to ignore quality for profits. We are competent and keep ourselves updated with changing technology to serve our customers better. We identify and acknowledge the ups and downs in the economy and market status, therefore we have priced our products considering masses and not just few sectors or individuals.

We boast of a rigid but flexible framework of manufacturing and supply to undertake any possible outage or untoward circumstances. Our growing sales and reputation proves that we have been able to make an identity for our products. Our equipment is time tested, cost-effective, unanimously accepted and applauded. Our products are climate and region independent and that gives them edge over all other manufactures.

Mr. Vinod Ajnadkar serving as the director of Vedant Engineering Services, has been extremely instrumental in growth of this company. His out-of-the-box ideas and improvisation in difficult situations, added solidity to the continuous growth of the organization.

➤ Computerized Fatigue Testing Machine

VEDANT ENGINEERING SERVICES
Excellence Through Quality >>>

We are the well known manufacturers of a high quality of products such as the Digital Fatigue Testing Machine which is used to find out the fatigue strength of the different materials by the laboratories, material manufacturers and other industries. These products find very accurate measurements and they are very reliable in their readings.

Features:

- PLC Smart Controlled,
- New Design,
- High Precision Sensors,
- Cycle Counter With Pre Set or Reset Facility,
- Equipped With VFD for Variable Speed Operations,
- Multiple Samples Testing at Same Time,
- Data Logger Facility Provided,
- Light weight,
- compact size,
- Accurately calibrated
- Easy to operate
- Noise free operation
- Maximum efficiency and accuracy
- Cost-effective.
