Vedant Engineering Services

Profile

Established in the year 1997, Vedant Engineering Services (AN ISO 9001 : 2008 CERTIFIED COMPANY) ushered in the quality, excellence and reliability in the field of Hydraulic Equipments and Process Automation. We specialize in the manufacturing and supplying of Hydraulics Equipment & tools such as Hydraulic Equipments, Hydraulic Cylinders, Hydraulic Power Pack, Hydraulic Spares, Control Panels For Process & Automation also Automation For Productivity Improvement and Special Purpose Machines.

Our claim of being better than others is backed by innovative designs, cutting edge technology, excellent track record year after year and trust of our revered customers. Once someone uses our product, it etches in the mind. Our machines commit to the highest industry standards and outputs.

We are the best in the business owing to our reluctance to ignore quality for profits. We are competent and keep ourselves updated with changing technology to serve our customers better. We identify and acknowledge the ups and downs in the economy and market status, therefore we have priced our products considering masses and not just few sectors or individuals.

We boast of a rigid but flexible framework of manufacturing and supply to undertake any possible outage or untoward circumstances. Our growing sales and reputation proves that we have been able to make an identity for our products. Our equipment is time tested, cost-effective, unanimously accepted and applauded. Our products are climate and region independent and that gives them edge over all other manufactures.

Mr. Vinod Ajnadkar serving as the director of Vedant Engineering Services, has been extremely instrumental in growth of this company. His out-of-the-box ideas and improvisation in difficult situations, added solidity to the continuous growth of the organization.

Vedant Engineering Services

➤ Special Purpose Machines

Clients can avail from us, Special Purpose Machines (SPM) and Accessories that are used in many industrial applications. Our supplied machines are widely popular due to their durable nature and low maintenance. We offer SPM for Automobile Industries, Engineering Industries, Agriculture Industries, Pharma Industries. These SPMs can be automatic, semi-automatic & manual in nature.

•Presently we manufactured & supplied the following Special Purpose Machines.

1. Fly Ash Bricks Making SPM.
2. Digital Fatigue Testing Machine for Spacer Damper.
3. Horizontal Testing Machines With Load Cell.
4. Metal Extrusion Presses.
5. Cold forging SPM.
6. Vacuum forming SPM.
7. Carpet forming SPM.
8. Drilling SPM.
9. Number punching SPM.
10. Reverse welding SPM.
11. Flange up SPM.
12. Banjo Straightening SPM.
13. Knurling SPM.
14. Welding fixture for automobile application.
15. Hydraulic & pneumatic cylinders.
16. Automation for material loading, pushing, shifting & unloading system for continuous type of Hardening & Tempering furnace for heavy forging components.
17. Part ejection SPM for Forging press.
18. We developed a very special Cylinders for lapping machine. These cylinder have reciprocating & rotating action simultaneously.
19. And Many More.....

Vedant Engineering Services

➤ Hydraulic Equipments

Leading Supplier and Manufacturer from Nashik, our product range includes

Hydraulic Equipments such as

- Hydraulic Systems,
- Hydraulic Power Packs and Cylinders ,
- Hydraulic Accessories.

➤ Process Automation

We offer to our clients, a wide range of automation that have got high demand in the market. These automation for productivity improvement, product & human safety & for pokayoke. Our Automations are low cost automation & user friendly. All the automation equipment are checked for their flawless accuracy level at the manufacturers end before they are sent to our unit. This help us in providing the best range of automation equipment to our customers.

➤ Fly Ash Bricks Making Machines

We hold expertise in offering Brick Making Machines, which is elegantly designed in conformation with industry norms and standards. The bricks produced by these machines have tight texture, accurate size & shape and high strength. Our range of Brick Making Machines is also known for its excellent efficiency, low maintenance and high productivity. In addition, we can also do the customization of these machines as per the client's specifications.

Vedant Engineering Services

➤ Hydraulic Presses

Designed, manufactured, assembled and tested at Vedant Engineering Services.

The " Vedant Engineering Services " Cover Widest Range of Hydraulic Press.

Numerous customized Presses specifically designed after understanding the users application & Needs.

➤ Control Panels

We undertake and manufacture control panel For :-

- Automation for productivity improvement,
- Safety for product and operator,
- POKAYOKE,
- E T P plants,
- Pump house,

➤ Plant Maintenance & Services

We offer complete engineering back up for application engineering & are offered with complete range of fluid power products making Vedant Engineering Services a "Single source supplier" & service provider for your complete Engineering requirements and thereby ensuring a SINGLE SOURCE RESPONSIBILITY.

Vedant Engineering Services

An ISO 9001:2008 Certified Company
